SUBJECT.

Grants in aid to indigenous
dispensaries of Krishna Jettappa
& others in the Municipalities of the Mysore

the Dist.

Indexed

84

With reference to
the Councilor's query, I
beg to state that "Chikhela
Rogachary free nature
Hospital" is not aided
by the municipality, but
that it is located in a
portion of the Devaregi
market at Mysore, free
of cost (as my private
information goes).

An application was
once made to the municipality
for pecuniary help and the
municipal Board of Mysore
declined to grant the request.
(Vide Para II of the Board's Res
D/ 26/5/94)

To J. M. Stevenson Esq. Engineer
RESPECTED SIR,
Chief Judge Bangalore

This free indegenous hospital called "Nikhila Ro ga h vi Pre N iv Hospital" patronised by His Late Highness the Maharaja Sri Chamarajendra Wodeyar Bahadur of C. S. I. was founded in His Highness name under my immediate supervision on the 17th Dec 98 in the suburbs of Devanahalli Mahala Market of the Metropolis.

This hospital, though unaided either by the Government or by the public at large, has the good fortune of coming into prominence. The number of patients that attend, that are treated and that are entirely cured even of their most dreadful diseases down to the most hopeless cases of Cholera is increasing day by day. The credentials that are entirely unsolicited by the cured patients and are borne in this hospital are only a Majority of those that are filed in my office.

As great inconvenience was felt in treating female patients, I have engaged my wife in the Hospital to treat them and attend their comforts.

As the medicines that are administered are prepared purely from the most valuable Indian herbs so they are best suited to the sacred climate of India. It is, therefore, my appeal both to the Government and to the generous public that such an institution is this needs, and that it is to be perpetuated either by the Patriotic public or by the Government.

Those that desire to perpetuate the name of this institution will, no doubt, gain the eternal glory of reviving the blessed institutions of our ancestors.

The appended list, shewing the number of patients daily treated here, is submitted to your kind perusal, and invites your personal visit to the Hospital at your leisure and at the same time craves for your assistance to promote the happiness of your fellowmen through this institution.

LIST SHOWING THE NO: OF PATIENTS TREATED DAILY FROM THE 1ST OF JAN. TO DEC.9.

It is that:-

Formerly single herb remedy had been efficacious. As it failed to effect a cure to Nafendra when he had been cut in twain Dhanwantari pronounced a curse that in future it should have no effect unless the remedy prepared of many herbs is resorted to. Patkavali Jogi Sida having mocked at the remedies prescribed by Dhanwantari a curse was pronounced that the pill made of single herb should have no efficacy unless pills made of several herbs are used. As the complaint of "Auda Vaghi" (Swollen testis) from which Apastya was suffering could not be cured by talisman, spell, etc. ointment was with the aid of force prepared by extracting the juice of several herbs and applied to him. Ever after this he pronounced a curse that ointments, pills, decoctions, powders etc. should effect cure. They have been efficacious till now.

There are 64 kinds of jewels and there are 64 kinds of remedies for each. They should be prescribed according

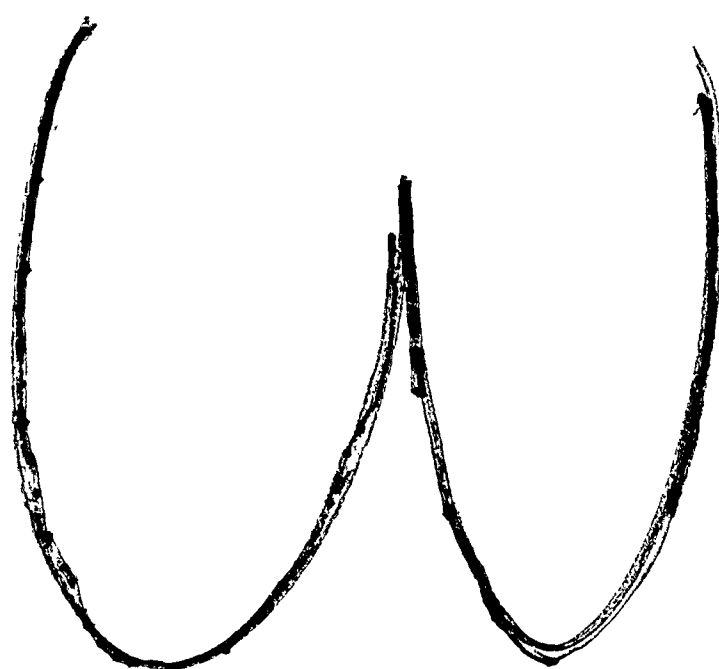

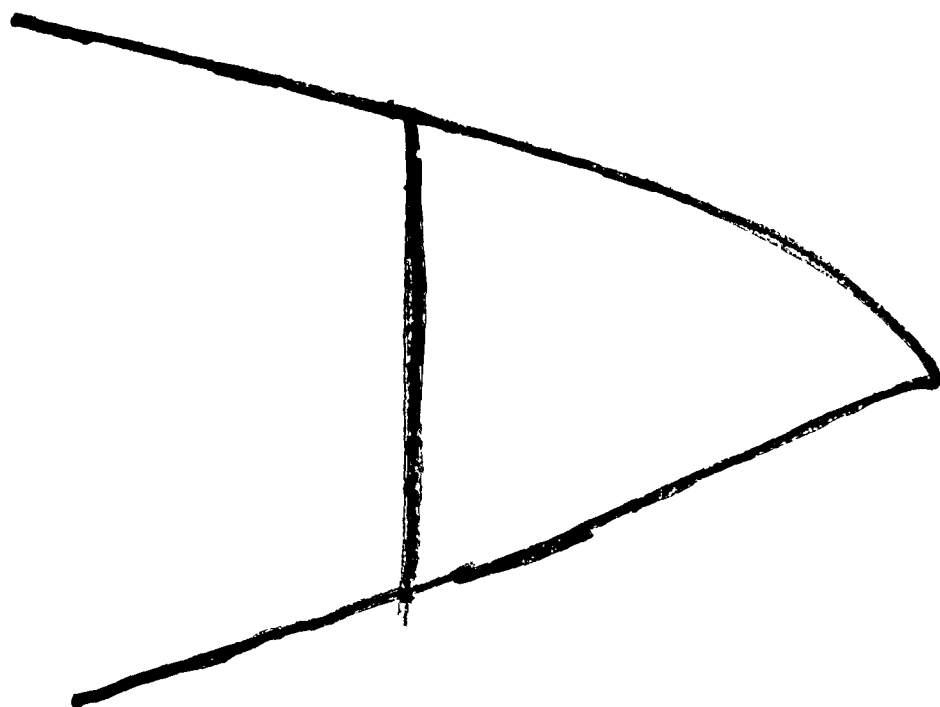

to the constitution of individuals -
The physician in addition to his being
endowed with purity of hands, Speech and
Eye Sight should also have the help
of God Devi.

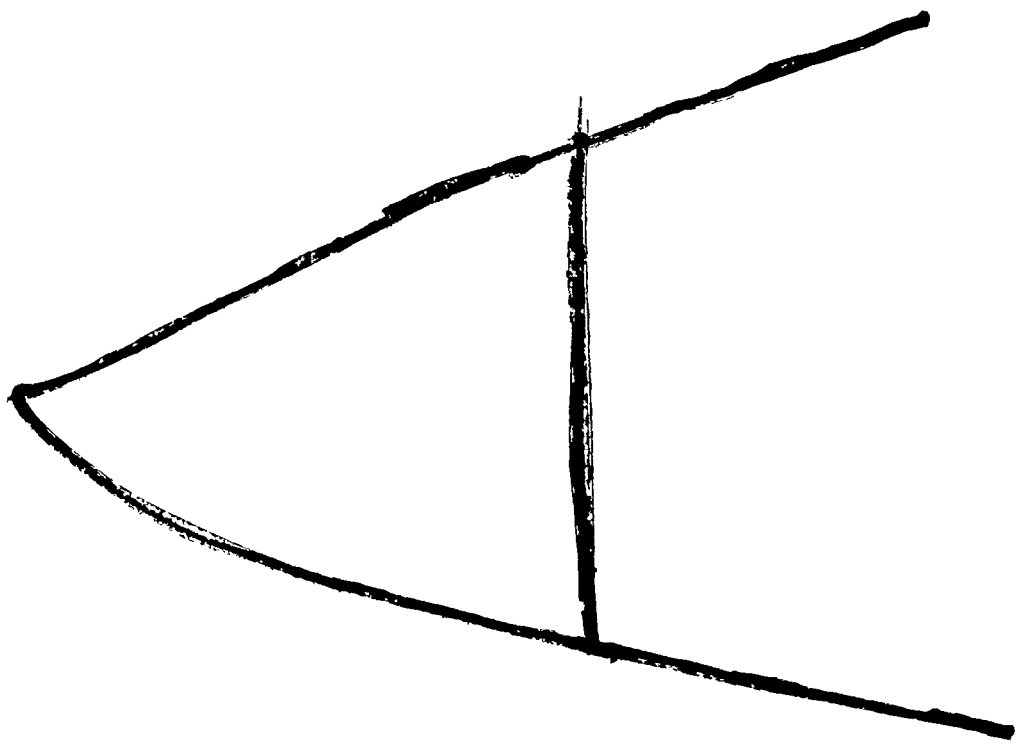

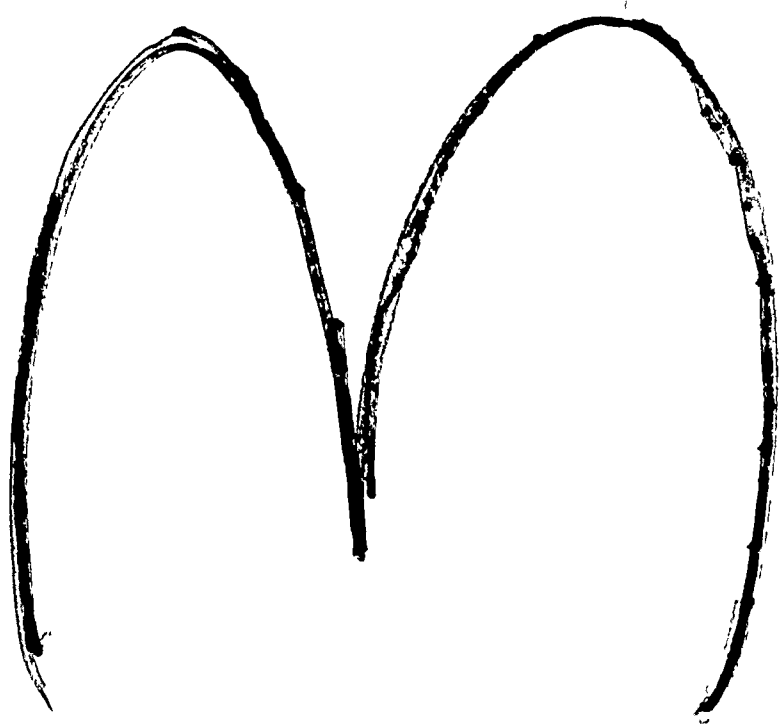

Brahma created the Ayurveda and
taught it to Poulastya Brahma who wrote
a work called Poulastya Brahma
and taught Angustya Brahma who
wrote the work called Vajra in Tamil
and Vajraspati Nigantū in Kanarese
and taught Bhoga Brahma who wrote
the works called Roparajya and Bhoga-
padya and taught Kēn to Pulippāni
who not only wrote works in Konkani
language for the use of the Konkani
but also wrote the works called Purnapata
Padartha Chintāmani & Nadividana.

Konkani wrote for Pannatā Jōsi the
work called Matramani darpana - Sara
Sutra - having obtained from Brahma
the Sutra called Brahma darpana, the
Nigantū called Dharmantū Nigantū and
Ashtanga Nigantū were written for
the use of Rukhmanya, who wrote
the work called Rukhmanya which
treats of Talasimans, Shello Devi. for the
use of Pujyapada, Viewamitra and
Paraswanathā - Pujyapada wrote the
works called Pujyapadya & Pujy-
pada Nigantū for the use of Khodharens.
who wrote the work called Khafuora -
manidarpana for the use of Lalva
who wrote the work called Vaidya Samgr.

Parswanathā having invented the
Persi (Persian) language wrote a work
in the language which was called ^{after} ~~by~~
his teacher's name and taught Senuos
and other people of Persia. The Persians
in their turn wrote many works called
Zib and taught their disciples. Venu-
mideva through meditation having
obtained the place of Brahma became
the teacher of a King called Phalatum
divided the medicine into two kinds
called Snani and Mistrani and taught
the ~~latter~~ ^{former} to the Muhammedans and the
latter to Aswami devotes, who wrote
the works called Aswameya Snani
Mamari and Aswami Nispantha
which treat of talismans, spells, etc.
and taught their disciples. Nandisena
having obtained the work called Bhava-
-kopa Khishak from Parasaswara
wrote a commentary on it called ~~Prakasa~~
Khishak Prakashika taught it to
Navanatha Sodha who with the aid
of the above work wrote many works
in his name and gave them to
Japasos. Latterly during the reigns
of some Rajs the following works
were after his search made ~~of the work~~
above referred to written
~~He~~ Bahadū, Vaidyanathya &c.

as far as I can, and obtained permission
of Sidha I commenced to follow the
pursuit of a physician. I have
intended to all that I am able to
22/7 treat sick persons & apply remedies
prepared of herbs, poisons &c

7.
En. nos. :

Mysore City Municipal
President's Office
Krishnarajapuram
~~Mysore~~ dated 19th July
1895.

From,

The President of the
Mysore City Municipality.

To,

The General Secretary to the
Government of Mysore.

Bangalore.

Sir,

With reference to your official
memo no $\frac{20391}{L.F. 79-92}$ dated the 3rd May
1895; forwarding for report the petition of
Kristina Jettappa praying for help to the
free dispensary kept by him in the town
of Mysore, I beg to submit the report of
Hospital Assistant Ranga Sami Billee
in charge of the Municipal Indigenous
Hospital at Mysore, which was called for,
and sent by the Vice-President. The
Vice-President says that he inspected
the petitioner's dispensary, "on several
occasions and found a large number
of people receiving medicine from the

To
The Deputy Commissioner and President
of the Mysore City Municipality.

Thro' The Vice President
Municipal Board Mysore

Sir,

I beg to acknowledge the receipt
of the Dewan's Office Memorandum No.
20391 of 14th ultimo (herewith returned)
L. 7. 79. 92 calling for a report on the petition of
Pundit Kristna Jettapa, praying for a
Government grant-in aid to the Dispensary
established by him at Mysore.

In reply I beg to state that I had on
a few occasions inspected Kristna Jettapa's
Dispensary and my latest inspection
was on the 27th ultimo. His medicines
and mode of his treatment are all
a mystery. He has a fair collection of
bottles and pots containing various her-
roots, and powders &c, without labels
showing the names of the medicines
which they respectively contain, thus making
it difficult to distinguish one
another. The grand array of bottles, the
decorations of the walls and ceiling of the
room is apt to beguile any one.

at it is worth some
in him. I have not either directly or indirectly been impressed with any favorable impressions of his medical attainments. Dr. Jettapa himself admits that he has not read any medical works of the Hindu Ayurveda nor had any systematic training scientifically. The names of some of the medicines prepared and used by him in his Dispensary such as "Tempi' bhurna", "Tarray bhurna", "Tempo' Koodiray Thravaka" etc. are quite novel names which could not be traced in any of the Hindu or Muslim medical works. When asked to name the ingredients of some of his medicines, he pretended that as they were hidden secrets, he could not possibly reveal to any person, this statement, naive as it is, involves the entire matter in a complete mist.

As regards the monthly expenditure in his institution, I beg to state that when the monthly medicine cost in the Government Indigenous Hospital with an average attendance of patients the number of nearly 350, does not exceed Rs. 60, I could scarcely credit the statement of Dr. Jettapa that the cost of medicines consumed in his Dispensary where the average daily attendance is only 96 persons, amounts to nearly

R. 400 per mensem.

I beg to add in conclusion that since
Sr. Jettapa could not afford me an oppor-
- tunity of letting me know the various
ingredients which his medicines consti-
- tute, I am constrained to offer my
humble opinion regarding the virtues
of the same.

I beg to remain
(Sir,

Your most obed^t servant

To *J. R. Chatterjee Esquire*
Chief Justice Bangalore
RESPECTED SIR.

This free indigenous hospital called "Nikhila Ro ga hari Free Native Hospital" patronised by His Late Highness the Maharaja Sree Chamarajendra Vodayar Bahadur G. C. S. I was founded in His Highness name under my immediate supervision on the 17th Dec 93 in the precincts of Davaraja Mohala Market of the Metropolis.

This hospital, though unaided either by the Government or by the public at large, has the good fortune of coming into prominence. The number of patients that attend, that are treated and that are entirely cured even of their most dreadful diseases down to the most hopeless cases of Cholera is increasing day by day. The credentials that are entirely unsolicited by the cured patients and are hung in this hospital are only a Moity of those that are filed in my office.

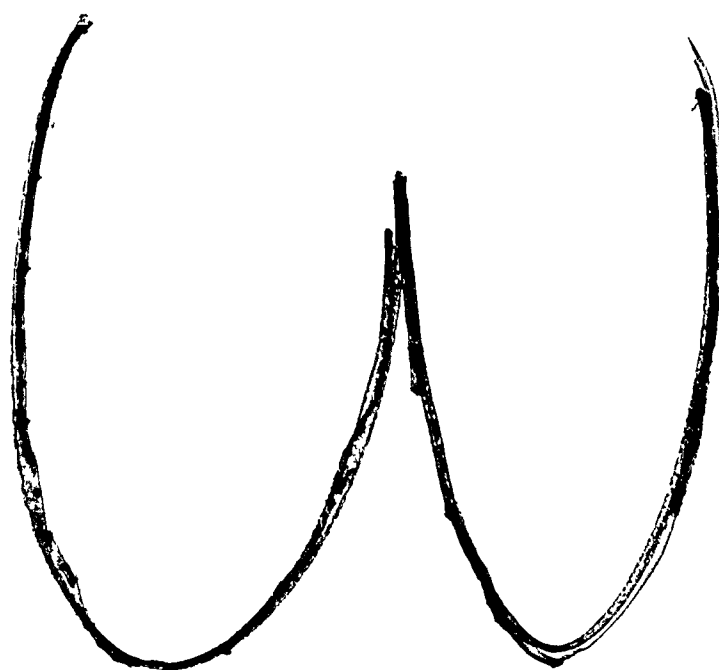

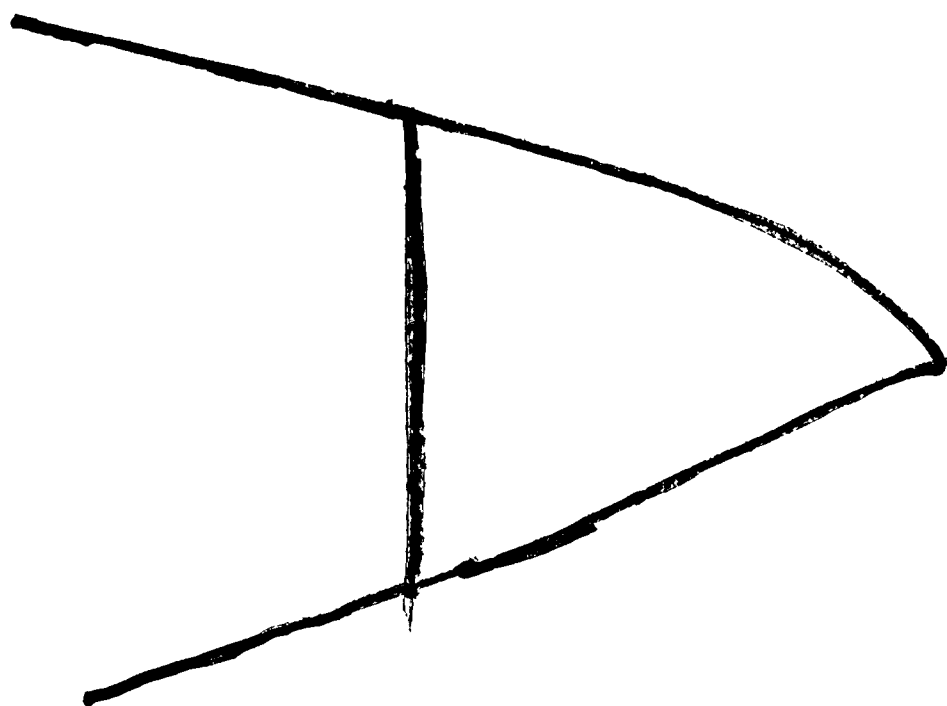

As great inconvenience was felt in treating female patients, I have engaged my wife in the Hospital to treat them and attend their comforts.

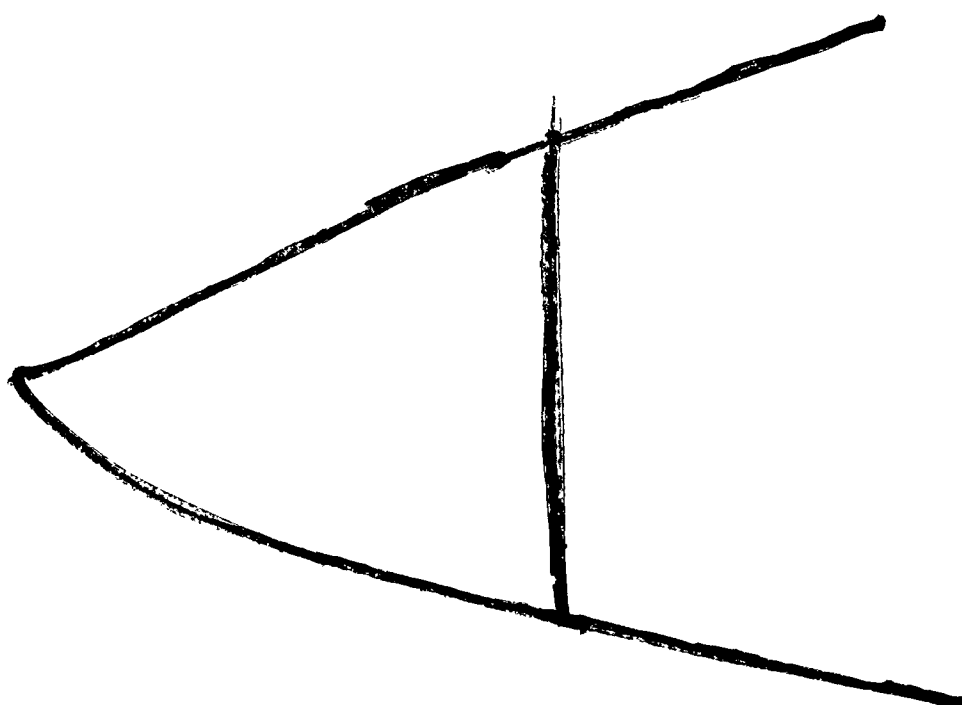

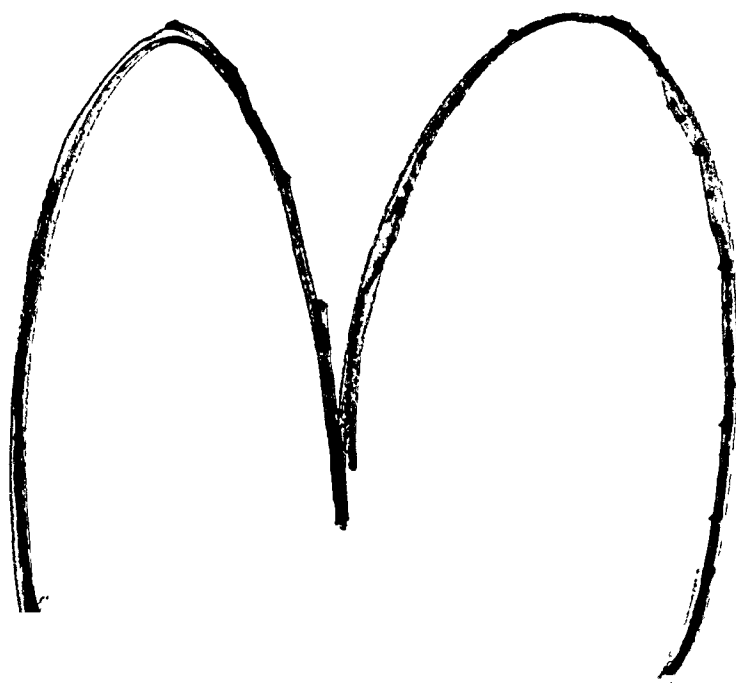

As the medicines that are administered are prepared purely from the most valuable Indian herbs so they are best suited to the sacred climate of India. It is, therefore, my appeal both to the government and to the generous public that such an institution as this needs, in future, to be perpetuated either by the Patriotic public or by the Government.

Those that desire to perpetuate the name of this institution will, no doubt, gain the eternal glory of reviving the blessed institutions of our ancestors.

The appended list, shewing the number of patients daily treated here, is submitted to your kind perusal, and invites your personal visit to the Hospital at your leisure and at the same time craves for your assistance to promote the happiness of you fellowmen through this institution.

My 8070,
15-105.
Yours faithfully,
Respected Sir,
Your Most Obedient Servant,
Pundit Krishna Jettappa.

RESPECTED SIR,

"Nikhila Rôga Hâri" an indigenous free native hospital was founded under the kind patronage of His late Highness the Maharaja SRI CHAKRAJENDRA WADAIR BAHADUR G. C. S. I., under my immediate supervision on the 17th Dec. 93 in the upstairs of Dêvarâja Mohala Market of the Metropolis.

This hospital partly maintained by the Government has the good fortune of coming into prominence. The number of patients that are treated and entirely cured even of their most dreadful diseases down to the most hopeless cases of Cholera is increasing day by day. The credentials that are entirely unsolicited by the cured patients and hung in this hospital are only a moiety of those filed in my office.

As great inconvenience was felt in treating female patients, I have engaged in the Hospital my wife to treat them and attend their comforts, and also a midwife for out-door business.

The medicines administered are prepared purely from the most valuable Indian herbs, and so they are best suited to the salubrious climate of India. It is, therefore my appeal both to the Government and to the generous public that such an institution as this needs, to be duly perpetuated.

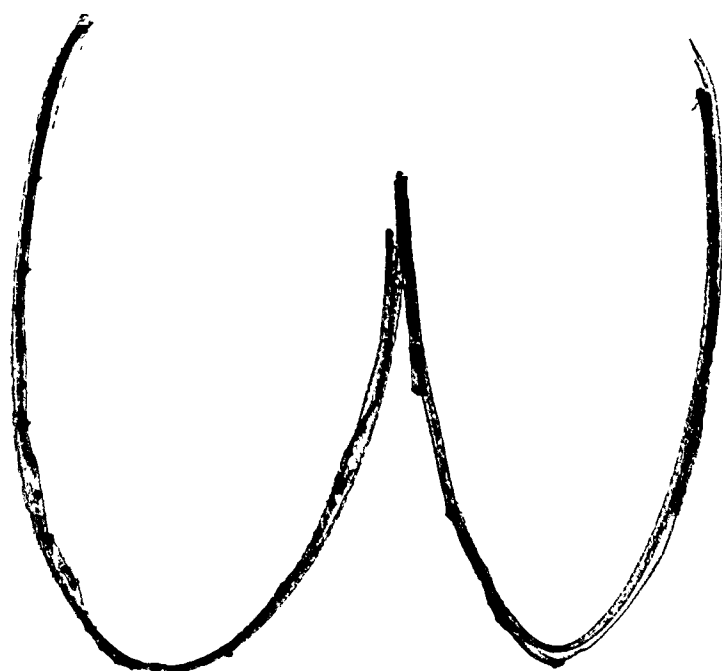

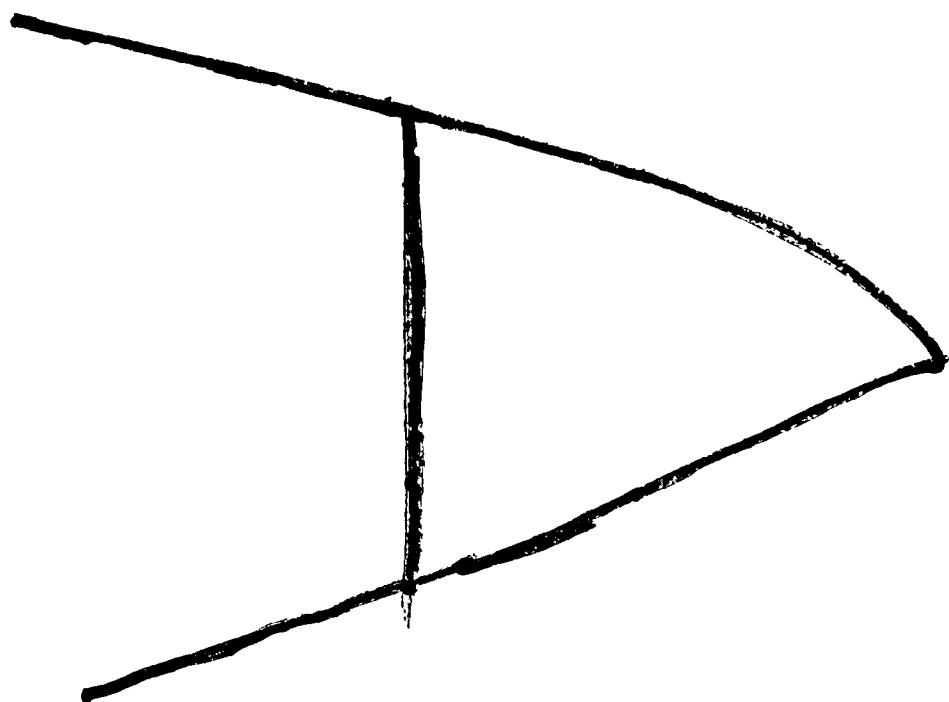

Those that desire to perpetuate the name of this institution will, no doubt, gain the eternal glory of reviving the blessed institutions of the Arians.

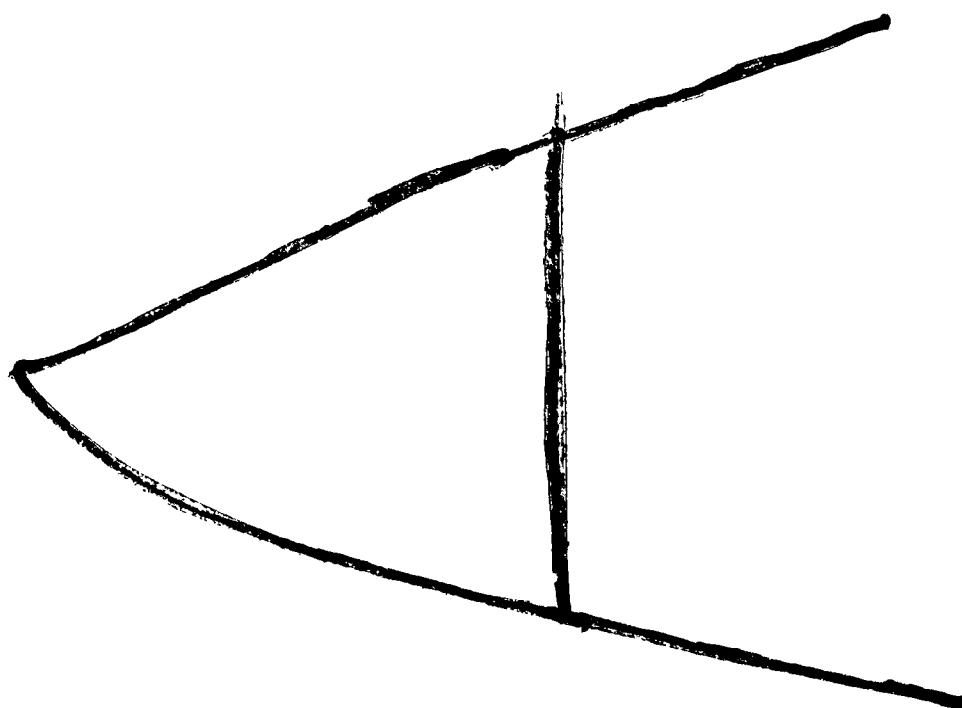

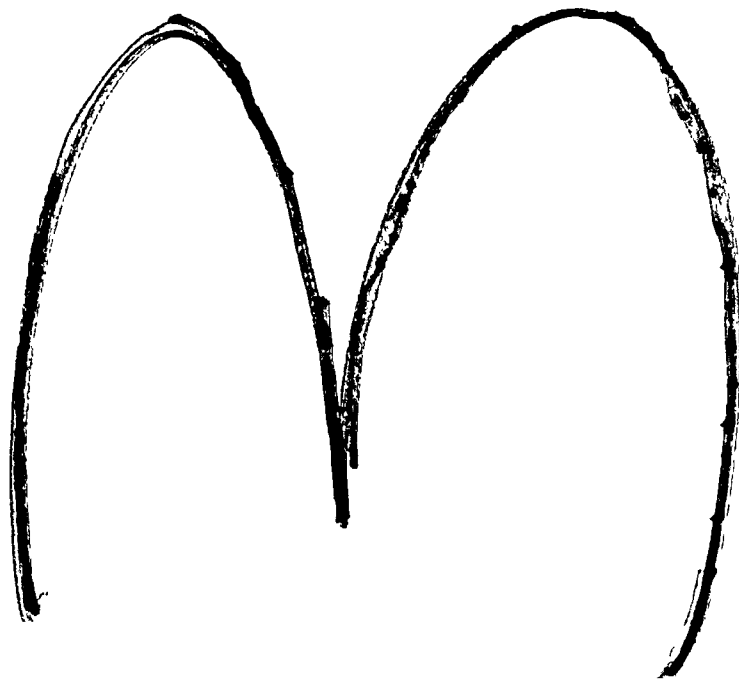

The appended list, shewing the number of patients daily treated here, is submitted to your kind perusal, and I invite your personal visit to the Hospital at your leisure and at the same time crave for your assistance to promote the happiness of your fellowmen through this institution.

The patriotic editors of Newspapers are most respectfully solicited to reprint this account or the summary for the information and the guidance of the public and thereby promote the welfare of their countrymen.

I remain
Respectfully,
Your Most Obedient Servant
Pandit Krishna Jettappaiah.

MR. DEWAN'S OFFICE.

PETITION DEPARTMENT

REG'D NO. 1637 R

DATE 3-1-78

Her Highness Sree Hanovita's

Sannidhana 68.

May it please your Highness.

I the undersigned most humbly beg to bring the following few lines into your Highness's benign consideration

With the kind permission of His Highness late Sree Chamarajendra Wodeyar Bahadur G. C. S. I., I the native doctor, established in 1893 the Devarajamohalla free Vaidyasala with a view to the revival of Hindu medicinal culture and pharmacy and to the welfare

and glory of the Royal family. During a period of that has 3 years that is, from the time of its establishment up to the present day the number of patients registered is similar to the present day the number of patients registered is 20215. your Highness may very well see the work and use of the hospital by my submitting to your Highness a list showing the number of patients daily treated and the expenses incurred. The great number of patients cannot but evince the usefulness and beneficence done to the public at large

Taking into consideration the good work turned out by this hospital, our benign Government have sanctioned a sum of Rs 35, of which 20 Rs are drawn

from the Mysore District Fund and Rs 15 from the Municipal Fund, and which continues for the last 18 months. It is needless to add that this pittance is quite inadequate to meet the cost of the medicines here utilised.

In memory of His Highness late Sree Chamarajendra Wadayar Bahadur, lacs of Rupees are spent in charity by your Highness, whose aim is public good and who ever wishes for the welfare and improvement of subjects. I request your Highness to order for a monthly contribution, enough for enabling to continue for ever this hospital, which is useful to the public and which bears for its title the name of His Highness late Sree Chamarajendra Wadayar Bahadur G.C.S.I.

For which act of generosity I shall ever pray
God to keep in prosperity your Highness and the
Royal family

I remain

your Highness most obedient & humble servant

ಎಂ.ವಿ.ಶ್ರೀನಿವಾಸ

OF 36,500 PATIENTS 53 DIED.

RESPECTED SIR,

"Nikhila Rôga Hary" an indigenous free native hospital was founded under the kind patronage of His late Highness the Maharaja SREE CHAMARAJENDRA WADAIK BHADUR G. C. S. I., under my immediate supervision on the 17th Dec. 93 in the up-stairs of Dêvarâja Mohala Market of the Metropolis.

This hospital partly maintained by the Government has the good fortune of coming into prominence. The number of patients that are treated and entirely cured even of their most dreadful diseases down to the most hopeless cases of Cholera is increasing day by day. The credentials, that are entirely unsolicited by the cured patients and hung in this hospital are only a moiety of those filed in my office.

As great inconvenience was felt in treating female patients, I have engaged in the Hospital my wife to treat them and attend to their comforts.

The medicines administered are prepared purely from the most valuable Indian herbs and so they are best suited to the salutary climate of India. It is, therefore my appeal both to the government and to the generous public that such an institution as this needs, to be duly perpetuated. Those that take interest in the institution may at their leisure kindly visit the Hospital, and have a look at invaluable Medicinal plants that have been reared with great trouble and expense.

Those that desire to perpetuate the name of this institution will, no doubt, gain the eternal glory of reviving the blessed institutions of the Aryans.

The appended list, showing the number of patients daily treated here, is submitted to your kind perusal, and I invite your personal visit to the Hospital at your leisure, and at the same time crave for your assistance to promote the happiness of your fellowmen through this institution.

APPEAL TO MY COUNTRYMEN.

Since the establishment of this Hospital three years ago, patients suffering from various diseases to the number of 120,185 both the natives of this place and strangers from various parts have been cured. I request my country-men to send over to me cases which are given up as hopeless and about to become victims to mortal diseases, and have a trial of my treatment. By making known to your neighbours that an institution exists in Mysore where last but effective efforts will be made to wrest back from the hands of Death patients suffering from direful diseases, you will earn everlasting glory in this world and favour of God in the other.

The patriotic editors of Newspapers are most respectfully solicited to reprint this account or the summary for the information and the guidance of the public and thereby promote the welfare of their country-men.

Copies of the list of accounts of the "Nikhila Rôga Hary" free native Hospital at Mysore which was established for the benefit of the public at large, being are circulated to H. E. the Viceroy and Governor General, the Governors of Madras and Bombay, to the Maharajas of Mysore, Baroda Hyderabad, Cochin, Kollapur, Travancore, Sindhya, Kutthiwar &c, and to the leading Newspapers of Calcutta, Bombay, Madras, Bangalore, Mysore, Dharwar, Hubly and Gadag &c.

MYSORE,)

Respected Sir,

"Nikhila Rôga Hâry" an indigenous free native hospital was founded under the kind Patronage of His late Highness the Maharaja SREE CHAMARAJENDRA WADAIR BAHADUR G. C. S. I., under my immediate supervision on the 17th Dec. 93 in the upstairs of Devarâja Mohala Market of the Metropolis.

This hospital, partly maintained by the Government has the good fortune of coming into prominence. The number of patients that are treated and entirely cured even of their most dreadful diseases down to the most hopeless cases of influenza, Cholera and Bubonic Plague is increasing day by day. The credentials, that are entirely unsolicited, granted by the cured patients and hung in this hospitals are only a moiety of those filed in my office.

As great inconvenience was felt in treating female patients, I have engaged in the Hospital my wife to treat them and attend to their comforts.

The medicines administered are prepared purely from the most valuable Indian herbs and so they are best suited to the salutary climate of India. It is, therefore my appeal both to the government and to the generous public that such an institution as this needs, to be duly perpetuated.

Those that desire to perpetuate the name of this institution will, no doubt, gain the eternal glory of reviving the blessed institutions of the Aryans.

The appended list, showing the number of patients daily treated here, is submitted to your kind perusal, and I invite your personal visit to the Hospital at your leisure and at the same time crave for your assistance to promote the happiness of your fellowmen through this institution.

His Excellency our able Dewan Sir K. Seshadri Iyer K. C. S. I. and Messrs Rajadharma-pravena T. R. A. Thumboo chettiar. C. I. E., P. N. Krishnamoorti C. S. I. and Khan Bahadur Abdul Rahiman, Councillors, and eminent Surgeons, Messrs D. Warliker, H. Soltow K. Vital Rao, and Doctor J. Smyth have, on their visit to the institution, had the pleasure to add in the visitors' book as to the utility and usefulness of the institution, as well as to the efficacy of medicines administered and the satisfactory way in which the business is carried out.

APPEAL TO MY COUNTRYMEN.

Since the establishment of this Hospital five years ago, patients suffering from various diseases to the number of 182003 both the natives of this place and strangers from various parts have been cured and not less than 70 percent of patients suffering from Cholera, Influenza and Bubonic Plague have also been cured. I request my country-men to send over to me cases which are given up as hopeless and about to become victims to mortal diseases, and have a trial of my treatment. By making known to your neighbours that an institution exists in Mysore where last but effective efforts will be made to wrest back from the hands of Death patients suffering from direful diseases, you earn everlasting glory in this world and favour of God in the other.
